Sisters and Brothers:

Your Bargaining Committee met with Bombardier Transportation in Montreal this past week.

After a productive week we were able to achieve a tentative negotiated settlement with the Company.

All the details will be distributed in the coming days, including the effective dates of when the various improvements apply and, of course, subject to membership ratification.

The ratification process will include a package of final contract language to each member with instructions for a secure electronic balloting process through Simply Voting. The final timelines have yet to be determined for the ratification process.

Once the ratification process starts, we will setup meetings with the membership in order to fully explain the document that the membership will be voting on.

We ask again that if you have not updated your mailing address, email address and phone number, please do asap with S/T Jean-Louis Fritz.

From your bargaining committee, thank you to each and every Member for your participation and patience throughout this process.

In Solidarity,

General Chairperson
Bombardier Transportation Montreal
