Sisters and Brothers:

Your Bargaining Committee met with Bombardier Thursday and Friday March 24/25.

These two days we were focused on updating, correcting any clauses that did not read as intended so as to ensure the proper meaning, context of the collective agreement language read as it should. There were quite a few changes, additions, amendments to be done.

We are scheduled to meet again over five days April 4 to April 8, 2022 and we are hoping to reach a tentative agreement over that period of time in order that the membership will have an agreement to vote on.

If we cannot reach an agreement and our simply spinning our wheels, then as noted we will seek assistance as needed.

Please distribute these documents ensuring the Membership is apprised of these and any further developments.

As always, we thank everyone for their patience and understanding during this process.

In Solidarity,

General Chairperson
