Sisters and Brothers:

Your Negotiating Committee met with Bombardier over two days (November 22 and 23, 2021), this session represented our second full session with the Company bargaining team.

This bargaining session consisted of explanations, and clarifications about certain issues from both parties, and included discussions on various components of our demands.

There continues to remain much discussion to address your demands and concerns respecting all matters at hand. Unfortunately, there is not much to report, as noted we are in the preliminary aspects of discussions in order that both parties fully understand what the demands mean etc.

Today, we confirmed our availability to meet and to continue bargaining (regrettably not until January 11 and 12, 2022 account of scheduling conflicts). We have further put aside February 22 and 23, 2022, and we will continue to schedule dates with the Company as necessary.

Following each session, we will provide Division 760 with an updated bulletin.

As always, we thank everyone for their patience and understanding during this process.

In Solidarity,

General Chairperson
