Sisters and Brothers:

Your Bargaining Committee met with Bombardier for two days (November 11 and 12, 2022), representing our third session with the company's bargaining team.

The initial plan was to meet in person in Montreal, but due to the always unpredictable events with Covid19, we met electronically via Teams which proved to be difficult at times.

This negotiating session included further explanations and clarifications on certain issues from both parties and included discussions on various elements of our claims. There is still a lot of discussion to address your requests and concerns regarding all the issues under consideration.

We were able to confirm our readiness to meet and continue negotiations on February 1 and 2, as well as to meet on February 21, 22, 23, 2022. We will continue to schedule dates with the Company as necessary. As we maintain these initial processes, there is unfortunately not much else we can report at the moment, but we can assure you that your interest are being put forward.

We hope to start making successful progress on your requests and move all of this forward in a positive process.

After each session, we will provide Division 760 with an updated bulletin. Please distribute these materials to ensure that members are informed of these developments.

As always, we thank everyone for their patience and understanding during this process.

In Solidarity,

---
